

include/bitstream.h

```
graph TD; A[include/bitstream.h] --> B[stddef.h]; A --> C[limits.h];
```

A diagram showing a header file 'include/bitstream.h' at the top. Two blue arrows point downwards from its bottom edge to two separate header files below: 'stddef.h' on the left and 'limits.h' on the right. The boxes for 'include/bitstream.h' and 'limits.h' are dark gray, while the box for 'stddef.h' is light gray.

stddef.h

limits.h
